

IBTISSAME MESBAH

Last Year Computer Engineering Student | Searching for PFE Internship

@ ibtissam.mesbah48@gmail.com +212762318271
in Ibtissame Mesbah Ibtissameee Oujda, Morocco

EDUCATION

- Computer Engineering Student
ENSAO (National School Of Applied Sciences Oujda)
2022 – Present Oujda, Morocco
- Integrated Preparatory class Student
ENSAO (National School Of Applied Sciences Oujda)
2020 – 2022 Oujda, Morocco
- Baccalaureat
Omar Ibn Abdelaziz Highschool
2019 – 2020 Oujda, Morocco

PROFESSIONAL EXPERIENCES

- PFA Internship
AFD.TECH Part Of Accenture
July 2024 – August 2024 Rabat, Morocco
- Contributed to the backend development of the internal events management app, MATE, using Spring Boot, MongoDB, and reactive programming.

ACADEMIC PROJECTS

- Online Cinema Ticket Booking Web App
Developed an online cinema ticket booking application, enabling users to browse movies, select seats, and complete bookings seamlessly. Leveraged React for the frontend ,chakra UI, Swiper .js and Spring Boot for the backend, incorporating features like user authentication using keycloak and payment processing using Stripe.
- FABI Travel Web app
Contributed to FABI Travel, a web application that suggests diverse travel destinations and provides detailed information about each location. Focused on frontend development using React js and MUI to create an engaging user experience.

- Portfolio
Developed a dynamic portfolio website using Next.js, Framer Motion for smooth animations, Tailwind CSS for responsive design, and Aceternity UI for a sleek user interface. The project showcases my skills and previous work, offering an engaging experience to visitors.
- GradeUP
Contributed to GradeUP, an application designed to facilitate the promotion of teachers' grades at ENSAO. It provides a user-friendly interface for managing and tracking grade promotions within the educational framework.

ACHIEVEMENTS

- 2nd Prize in the 2023 Problem Solving Competition
Organized by the Computer Science Club at the National School of Applied Sciences of Oujda.
- Teamwork Time Management
Problem Solving Coding Efficiency

SKILLS

- Frontend Development
 - Languages: HTML, CSS, Javasxcript
 - Libraries & Frameworks: React.js, React Native, Next.js
 - UI Frameworks & Tools: Tailwind CSS, Material-UI, Chakra UI, Aceternity UI
- Backend Development
 - Languages: Java
 - Frameworks: Spring Boot, Spring WebFlux
 - Databases: MySQL, MongoDB
- DevOps & Version Control
 - Git, Github
 - Docker
- Machine Learning
 - Libraries: Pandas, Sickit-Learn
 - Techniques: Data Preprocessing, Supervised Learning, Unsupervised Learning
 - Tools: Jupyter Notebook, Google Colab

SOFT SKILLS

- Flexibility
- Problem Solving
- Team Collaboration
- Adaptability
